

## DAY CARE HEALTH POLICY

We are deeply concerned for the health and safety of our students. These are the following rules and guidelines we use to insure the best possible care.

### I. IMMUNIZATIONS

Records of immunizations will be requested upon registration and at least once yearly thereafter.

### II. FEVER

When a child's temperature is 101.4 degrees or more, we will notify a parent promptly. If no fever is present, but we conclude the illness (vomiting or diarrhea) warrants it, we will notify you and request that you pick up your child.

### III. INFECTIOUS CONDITIONS

- A. If your child has been diagnosed with an infectious condition, please notify the Day Care as soon as possible.
- B. If your child has any of the following conditions, there are requirements for readmission.
  1. Any condition requiring antibiotic treatment—24 hours must elapse after the start of the antibiotic.
  3. Ringworm and Impetigo—after appropriate treatment, child must be judged "non-infectious" by a physician.
  4. Head lice—after recommended treatment there must be no live nits visible.
  6. Child sent home with a fever, diarrhea, or vomiting. —**A child with a temperature over 101.4 must be 24 hours fever free without the use of fever reducing medications before returning. A child with vomiting or diarrhea must be at least 24 hours without incident, and eating, toileting, and participating normally.**
  7. Open wounds or lesions—in order to prevent contamination of the wound and prevent any subsequent infections, we ask that all open wounds and lesions be covered during a child's time at day care.
  8. In the case of any immune-suppressed disease, we ask that the child not attend if they have a fever, respiratory infection with coughing and sneezing, rash, pink eye or flu like symptoms such as vomiting and diarrhea.

### IV. DISPENSING OF MEDICATION

Children will not be given medication unless a parent provides it along with clearly written instructions for its use. Please bring only the daily dosage needed for each day.

*We reserve the right to refuse admission to any child who, in our opinion, may possibly spread a disease or illness to the other children. Please do not bring a child to Day Care if any of the above conditions exist.*
