

CHILD CARE HEALTH POLICY

We are deeply concerned for the health and safety of our students. These are the following rules and guidelines we use to insure the best possible care.

I. IMMUNIZATIONS

A Child Health Report and Immunization Record must be provided to the center upon registration. An updated report must be provided every 6 months for children under 2 years of ages and every 12 months for those aged 3 to 5 years.

II. FEVER

When a child's temperature is 101.4 degrees or more, we will notify a parent promptly. If no fever is present, but we conclude the illness (vomiting or diarrhea) warrants it, we will notify you and request that you pick up your child.

III. INFECTIOUS CONDITIONS

- A. If your child has been diagnosed with an infectious condition, please notify the Center as soon as possible.
- B. If your child has any of the following conditions, particular requirements must be met before readmission.
 1. Any condition requiring antibiotic treatment—24 hours must elapse after the start of the antibiotic.
 3. Ringworm and Impetigo—after appropriate treatment, child must be judged “non-infectious” by a physician.
 4. Head lice—after recommended treatment there must be no live nits visible.
 6. Child sent home with a fever, diarrhea, or vomiting. —**A child with a temper-ature over 101.4 must be 24 hours fever free without the use of fever re-duc-ing medications before returning. A child with vomiting or diarrhea must be at least 24 hours without incident, and eating, toileting, and participating normally.**
 7. Open wounds or lesions—in order to prevent contamination of the wound and prevent any subsequent infections, we ask that all open wounds and lesions be covered during a child's time at preschool.
 8. In the case of any immune-suppressed disease, we ask that the child not attend if they have a fever, respiratory infection with coughing and sneezing, rash, pink eye or flu like symptoms such as vomiting and diarrhea.

IV. DISPENSING OF MEDICATION

Children will not be given medication unless a parent provides it along with clearly written instructions for its use. Each medication will require a signed Medication Release form prior to administration. Please see the office for this form.

We reserve the right to refuse admission to any child who, in our opinion, may possibly spread a disease or illness to the other children. Please do not bring a child to preschool if any of the above conditions exist.

PAYMENT POLICY

Payments can be made weekly, bi/weekly, or monthly, depending on what works best for your budget. If you do plan to pay monthly, please pay for the month in advance at the beginning of that month. Payment processing is available on our Lillio App and can also be set up as autopayments through your bank. Parents are responsible for any transaction fees. If you prefer to pay with checks, please make all checks payable to **Noah's Ark Preschool**.

Payment is required for the days in which you have reserved for your child, regardless of if they are in attendance.

If your family has a scheduled vacation, tuition charges for the week will be voided IF: you notify the office in writing at least two weeks in advance, AND your child(ren) will be absent the entire week, Monday through Friday. Families will be granted two vacation weeks throughout the school year, not including the Thanksgiving and Christmas holidays. Any absences beyond two weeks will require full tuition payment. Leave of Absences will not be granted, with the exception of Summer Session Breaks.

During the Thanksgiving, Christmas, and New Years weeks, your tuition will be adjusted to the daily rates or weekly tuition, whichever is the lesser charge.

If your account carries a balance for more than 2 weeks, you may be asked to leave the preschool. Any tuition balances are expected to be paid on or before the students last day of attendance.
